

Water Advisory Committee
Agenda
Wednesday, Nov. 4 2015 at 6:00 PM
Council Chambers, Municipal Hall

1. Call to Order
2. Adoption of Agenda
3. Approval of Minutes previous meeting Oct 21, 2015
4. Unfinished Business
5. Other Business

Linda Tynan, CAO for the district of Summerland, has been meaning to meet with all of the various committees that council has established, and has not yet had the opportunity to touch base with the Water Advisory Committee. She would like the opportunity at this meeting to introduce herself, meet all of the various committee members, give a brief presentation on the general roles and responsibilities of committees as well as give a few basic guidance principals as to how to run effective committees. The District of Summerland values all input from the public, and effective committees help channel community feedback to staff and council.

6. New Business

To review feedback gathered at first open house held Oct 28 for implementation of irrigation rates based on models/meters, and to formulate a plan for the direction of the next stage.

7. Next Meeting and Agenda

8. Adjourn

Please note: questions from the public who attend will be taken at the end of the meeting if time permits.
